USER'S GUIDE TO THE TOWNSHIP OF MAPLETON ZONING BY-LAW

Purpose of a Zoning By-law

A comprehensive zoning by-law is a precise legal document used by a municipality to regulate the use of land and the buildings upon it. It states exactly what type of land uses are **permitted** in a specific area or **zone** and provides the requirements or **regulations** that apply to such land. Under Ontario's Planning Act, local municipalities can establish zoning by-laws to control the use of land and future development of their community. Zoning By-laws also protect property owners from the development of conflicting land uses. As such, any use of land or the construction or use of any building or structure not in compliance with the local Zoning By-law is prohibited. The Township of Mapleton Zoning By-law is also needed to help the community implement the goals and objectives of the Wellington County Official Plan, which became effective May 6, 1999.

How to Use the By-law

For each **zone**, there is a list of **permitted uses** and a number of **regulations** such as lot size, frontage, and required yards. The location of each of the zones is shown on the Zone Maps in Schedule "A" found at the end of this By-law. The specific uses and regulations applicable to each zone are found in the relevant section(s) of the Zoning By-law, which bears the same zone name(s).

To determine the provisions of the Zoning By-law that affect your property, follow these steps:

1. Locate your property on one of the **Zone Maps** to find the applicable **zone(s)** that apply to your property (e.g. Residential R1A Zone).
2. Once you have identified the **zone(s)**, turn to the Table of Contents within the text of the By-law and locate the applicable zone provisions (For example, the R1A Zone is found under Section 9). Then go to the appropriate page in the By-law to determine the **permitted uses** and specific **regulations** that relate to that zone.
3. Review the **general provisions** (e.g. parking, accessory uses, etc.) contained under Section 6. The provisions contained in Section 6 apply to all land within the municipality and many will affect your property.
4. Section 5 – **Definitions** are useful when trying to understanding the meaning of terminology used throughout the Zoning By-law.

Should you have difficulty reading the Zone Maps or understanding the text of this document, contact the Municipal Office at (519) 638-3313 for assistance.

THE CORPORATION OF THE TOWNSHIP OF MAPLETON

BY-LAW NUMBER 2010-080

BEING A BY-LAW, UNDER THE PROVISIONS OF SECTION 34 OF THE PLANNING ACT, R.S.O. 1990, AS AMENDED, TO RESTRICT THE USE OF LANDS AND THE CHARACTER, LOCATION AND USE OF BUILDINGS AND STRUCTURES, AND TO PROHIBIT CERTAIN BUILDINGS AND STRUCTURES IN VARIOUS DEFINED AREAS OF THE CORPORATION OF THE TOWNSHIP OF MAPLETON.

WHEREAS The Planning Act provides that the Council of a Municipal Corporation may pass by-laws to restrict the use of land and the character, location and use of buildings or structures;

NOW THEREFORE the Council of the Corporation of the Township of Mapleton enacts as follows:

SECTION 1 – TITLE OF BY-LAW

1.1 This By-law may be cited as the Zoning By-law of the Township of Mapleton.

SECTION 2 – INTERPRETATION

2.1 In this By-law, unless the context clearly indicates the contrary, the expression “use” or “to use” shall include anything done or permitted by the owner or occupant of any land, building or structure, directly or indirectly or by or through any trustee, tenant, servant, or agent, acting with the knowledge or consent of such owner or occupant, for the purpose of making use of the said land, building or structure.

2.2 In this By-law, unless the context clearly indicates the contrary:

- Words in the present tense include the future;
- Words in the singular number include the plural, and the converse; and
- Words in the masculine gender shall include the feminine, and the converse.

2.3 In this By-law, the word “shall” is construed as always mandatory.

The word “use”, when used as a noun, shall mean the purpose for which a lot or a building or structure or any combination thereof is designated, arranged, intended, occupied or maintained and “uses” shall have a corresponding meaning. When used as a verb, the word “use” or “to use” shall have a corresponding meaning.

2.4 Uses not listed as permitted in a zone or otherwise provided for in this By-law shall be prohibited in such zone except as provided for under Section 6.21 (Non-conforming uses) of this By-law.

- 2.5 In the regulations, dimensions are provided in both metric and imperial to make the By-law more “user-friendly”. Where a significant difference is present between the two values for any regulations, as a result of a numerical conversion, the least restrictive dimension shall prevail. In this By-law, m² shall be construed to mean square metres and ft² shall be construed to mean square feet unless the context clearly indicates the contrary.
- 2.6 The Natural Environment (NE) zone boundaries identified on Schedule “A” to this By-law are intended to generally identify the location of potentially significant and/or hazardous environmental features. During review of development applications and building permit applications, if necessary, the boundaries of the NE zone shall be more precisely determined in consultation with the Conservation Authority or other agencies having jurisdiction in the area. Where detailed resource mapping and/or site inspection results in a re-interpretation of the limits of the NE zone boundary, all requirements of this by-law shall be reviewed relative to the revised interpretation of the NE Zone boundary, including any applicable setbacks.

SECTION 3 – APPLICATION OF THE BY-LAW

3.1 LANDS SUBJECT TO BY-LAW

The provisions of this By-law shall apply to all lands within the boundaries of the Corporation of the Township of Mapleton.

3.2 CONFORMITY REQUIREMENTS

- 3.2.1 No person shall use any land, or construct, alter or use any building or structure or part thereof within the limits of the Township of Mapleton except in conformity with the provisions of this By-law.
- 3.2.2 No building, structure, or part thereof constructed or altered in contravention of this By-law shall be used by any person so long as such building, structure, or part thereof, continues to contravene the provisions of this By-law.
- 3.2.3 No lot shall be reduced in area by conveyance, severance, mortgage or other alienation of a part thereof so that any remaining yard or other open space is less than required by this By-law. If any such reduction occurs, such lot and any building or structure thereon shall not thereafter be used by any person unless and until the said yard or requirements of this By-law are complied with.
- 3.2.4 Subsection 3.2.3 shall not apply to a lot reduced in area by the conveyance to or severance or expropriation by the Corporation of the Township of Mapleton or any other authority having the powers of expropriation.

3.2.5 No person shall change the purpose for which any lot, building or structure is used, or construct, alter, or use any building or structure, or sever any lands from any existing lot, if the effect of such action is to cause the original, remaining or new building, structure or lot to be in contravention of this By-law.

3.3 APPLICATION OF OTHER BY-LAWS AND REGULATIONS

Nothing in this By-law shall relieve any person from the obligation to comply with the requirements of the Ontario Building Code Act or any other By-law of the Municipality or County in force from time to time or the obligation to obtain any license, permit, or approval lawfully required under any regulation or By-law of the Municipality, County or by a governmental authority having jurisdiction to make such restrictions.

3.4 CONFLICTS WITH OTHER MUNICIPAL BY-LAWS

In the event of any conflict or inconsistency between this By-law and any other By-law of the Corporation, the provisions of this By-law shall prevail.

3.5 CONFLICTING REGULATIONS

Where a combination of permitted uses results in conflicting regulations, the most restrictive regulations shall apply.

SECTION 4 – ADMINISTRATION, ENFORCEMENT AND PENALTIES

4.1 ADMINISTRATION

Unless otherwise specified, this By-law shall be administered by the Chief Building Official and/or Zoning Administrator acting on the direction of the Council of the Township of Mapleton.

4.2 BUILDING AND OTHER PERMITS

4.2.1 Notwithstanding the provisions of any other by-laws of the Township of Mapleton, the Chief Building Official shall not issue any Building Permit or any other permit where the proposed building or any part thereof, use or occupancy would be in violation of any provisions of this By-law.

4.2.2 It shall be prohibited for any person(s) to use or permit to use or cause a change in use of any building or part thereof, hereafter erected or altered until such Building Permit or Change of Use Permit has been issued and certified by the Chief Building Official in accordance with the Ontario Building Code Act and Building By-law.

4.3 ENTRY AND INSPECTION

The By-Law Enforcement Officer, Chief Building Official, Building Inspector and any other inspector appointed under the Building Code Act, 1992 are each assigned the responsibility of enforcing this by-law for the purposes of Section 49 of the Planning Act.

4.4 PENALTIES

Any person convicted of a breach of any provision of this By-law shall be subject to such penalties or orders as provided for in Section 67 of The Planning Act, as amended.

4.5 ADDITIONAL REMEDIES

In case any building or structure is to be erected, altered, reconstructed, extended or part thereof is to be used, or any lot is to be used, in contravention of any requirement of this By-law, such contravention may be restrained by action at the instance of any rate-payer or of the Corporation of the Township of Mapleton pursuant to the provisions of The Municipal Act or The Planning Act as amended from time to time.

4.6 VALIDITY

If any section, clause or provision of this By-law including anything contained in the Schedules attached hereto is for any reason declared by a court of competent jurisdiction to be invalid, the same shall not affect the validity of the By-law as a whole or any part thereof other than the section, clause or provision so declared to be invalid and it is hereby declared to be the intention that all the remaining sections, clauses or provisions of this By-law shall remain in full force and effect until repealed,

notwithstanding that one or more provisions thereof shall have been declared to be invalid.

DEFINITIONS

In this By-law, unless the context requires otherwise, the following definitions and interpretations shall apply. Illustrations depicting definitions are provided for clarification and convenience only and do not form a part of the By-law. The illustrations can be found in Appendix "A".

ABATTOIR, means a **building** or **structure**, specifically designed to accommodate the penning and slaughtering of livestock and the preliminary processing of animal carcasses and may include the packing, storing and sale of the product on the premises.

ABUTTING, means a lot line that has any point in common with another lot line that is not part of a street line or lane; or where two or more parcels share a common boundary of at least one (1) point or a building or structure that share a common wall.

ACCESSORY, when used to describe a **use, building** or **structure**, means a use, building or structure, which is incidental, subordinate, and exclusively devoted to the **main use**, building, or structure located on the same lot and in the same **Zone** as such use, building or structure and which is not used or intended for use as human habitation unless permitted by the provisions of certain Zones of this By-law, such as an additional dwelling unit detached as permitted under section 6.29.

ACTIVITY, means one or a series of related processes that occurs within a geographical area and may be related to a particular land use.

ADDITION(S), when used in reference to a **seasonal recreational travel trailer**, means a structure(s) which is attached to and used in conjunction with, and may be divided into more than one room.

ADULT ENTERTAINMENT PARLOUR means any premises or part thereof in which is provided, in pursuance of a trade, calling, business or occupation, goods or services appealing to or designed to appeal to erotic or sexual appetites or inclinations. In this definition:

- a) **"Goods"** includes books, magazines, pictures, slides, film, videos, phonograph records, prerecorded magnetic tape, compact disks and any other reading, viewing or listening matter.
- b) **"To Provide"**, when used in relation to "goods", includes to sell, offer to sell or display for sale, by retail or otherwise such goods, and "providing" and "provision" have corresponding meanings.
- c) **"To Provide"**, when used in relation to "services", includes to furnish, perform, solicit, or give such services and "providing" and "provision" have corresponding meanings.

- d) **“Services”** includes activities, facilities, performers, exhibitions, viewings and encounters.
- e) **“Services Designed to Appeal to Erotic or Sexual Appetites or Inclinations”** includes,
 - i) Services of which a principal feature or characteristic is the nudity or partial nudity of any person;
 - ii) Services in respect of which the word “nude”, “naked”, “topless”, “bottomless”, “sexy”, or any other word or any picture, symbol or representation having like meaning or implication is used in any advertisement.

AGRICULTURAL, means a use of land, building or structure for the purpose of animal husbandry, raising of **livestock** and other animals for food or fur including poultry, bee-keeping, fish, aquaculture and dairy; the growing of field crops, vegetables, agro-forestry, forestry, fruit farming, sod farming, greenhouses and horticulture crops, pasturage, fallow, maple syrup production or any other farming use; and includes the growing, raising, packing, treating, storing, and sale of agricultural products produced on the premises but does not include an **abattoir**, a **kennel** or a rendering plant, **commercial greenhouse and/or nursery** or **garden centre**. For kennel requirements, local Dog Control By-laws should be consulted.

AGRICULTURALLY RELATED USES, means those farm-related commercial and farm-related industrial uses that are directly related to farm operations in the area, support agriculture, benefit from being in close proximity to farm operations, and provide direct products and/or services to farm operations as a primary activity.

AGRI-FOOD NETWORK, within the agricultural system, a network that includes elements important to the viability of the agri-food sector such as regional infrastructure and transportation networks; agricultural operations including on-farm buildings and infrastructure; agricultural services, farm markets, distributors, and primary processing; and vibrant, agriculture-supportive communities.

AGRI-TOURISM USE, shall mean those farm-related commercial and farm-related industrial uses that are directly related to farm operations in the area, support agriculture, benefit from being in close proximity to farm operations, and provide direct products and/or services to farm operations as a primary activity.

AIR CONDITIONERS AND HEAT PUMPS, means equipment designed to heat or cool the interior of buildings and structures and which are normally located outside or on a roof.

ALTER, when used in reference to a building, structure, or part thereof, means to change any one or more of the internal or external dimensions of such building or structure, or to change the type

of construction of the exterior walls or roof thereof, or a change from one type of occupancy to another or a structural alteration or change there to.

When used in reference to a lot, the word “alter” means a change in use, or a decrease or increase in the width, depth, or area thereof or to decrease or increase the width, depth, or area of any required **yard, building setback, landscaped area or parking area**, or to change the location of any boundary of such lot with respect to a **street or lane**, whether such alteration is made by conveyance or alienation of any portion of said lot, or otherwise. The words “altered” and “alteration” shall have corresponding meanings.

AMENITY AREA, means an area situated on a residential lot that is intended for recreational purposes, and may include landscaped open spaces, patios, balconies, communal play areas, lounges, decks and other similar uses but shall not include a swimming pool or areas occupied at grade by service areas, parking areas, aisle or access **driveways** associated with the residential development or use. A Private Amenity Area means an amenity area, excluding a walkway, play area or other communal area, which is accessory to and outside of a dwelling unit, and is for the exclusive use of the occupants of the dwelling unit. A Common Amenity Area means an amenity area, which is available for the use and enjoyment of the residents and guest of a residential development in common.

ANIMAL SHELTER, shall mean a building or part thereof, with or without related structures, wherein domestic household pets including, but not so as to limit the generality of the foregoing, dogs, cats, caged birds and specialty fish, but excluding any animals kept primarily for the purpose of providing food or skins, are given temporary shelter and accommodation or are treated or kept for treatment by a registered veterinarian, and includes the office of a registered veterinarian, but does not include any establishment engaged primarily in the retail sale of animals or in breeding animals for gain or profit, or a veterinarian’s clinic as defined herein.

ANTIQUÉ STORE/MARKET, means the use of land, buildings or structures for the sale of old and authentic objects of personal property which has a unique appeal and enhanced value mainly because of its age, or because of public demand, has attained value in a recognized commercial market which is in excess of its original value.

ARCADE, means a place of business where an individual, association, partnership or corporation, maintains three or more coin operated machines for public use such as pinball machines, video games or other similar player-operated amusement devices.

ART GALLERY, means a use, building or structure where paintings, sculptures or other works of art are exhibited or sold.

ARTISANS MARKET, means the use of a building or structure or part thereof as the workplace of a photographer, craftsperson or artist and may include the display and sale of their products along with accessory items.

ASPHALT OR CONCRETE PLANT, means an industrial facility that has equipment designed to heat and dry aggregate and to mix mineral aggregate with bituminous asphalt, concrete and concrete products and/or other similar materials, and includes stockpiling and storage of bulk materials used in the process or finished products manufactured on the premises and the storage and maintenance of equipment, but does not include the retail sale of finished asphalt or concrete products.

ASPHALT PLANT, TEMPORARY PORTABLE , means a facility which meets all of the following:

- a) has equipment designed to heat and dry aggregate and to mix aggregate with bituminous asphalt to produce asphalt paving material, and includes stockpiling and storage of bulk materials used in the process;
- b) Is not of permanent construction, but is designed to be dismantled and moved to another location as required; and,
- c) is associated with a specific contract for work undertaken by or on behalf of a public road authority.

ASSEMBLY HALL, see BANQUET HALL.

ATTACHED, means a building or structure otherwise complete in itself, which depends for structural support or complete enclosure, upon a division wall or wall shared in common with an adjacent building or buildings. For the purposes of this by-law, buildings connected by a breezeway or by a connecting roof structure but open to the ground shall be considered to be attached.

AUCTION FACILITY, means a building or structures or land used for the storage of goods and materials which are to be sold on the premises by public auction, and for the sale of goods and materials by public auction and on an occasional basis. An auction facility may include an auction barn where livestock are kept on a temporary basis for sale by public auction.

AUTOMOTIVE ACCESSORIES SHOP, means a building or part of a building used for the sale of vehicle parts, accessories and tools but does not include an **Automotive Use**.

AUTOMOTIVE BODY REPAIR SHOP, means a building or other structure where repairs to and/or bodywork, painting of or reconditioning of **motor vehicles** is carried on, but does not include an **automotive sales establishment**, an **automotive service station**, or **salvage or wrecking and recycling yard**.

AUTOMOTIVE SALES AND SERVICE ESTABLISHMENT, means a lot, building or structure used for the display and sale of new or new and used **motor vehicles** and may include the servicing, repair, cleaning, polishing, and lubrication of motor vehicles, the sale of automotive accessories and related products; and the leasing or renting of motor vehicles.

AUTOMOTIVE SERVICE STATION, means a lot, building or other structure where goods are sold and/or services and repairs are provided, which are essential to the operation of **motor vehicles**, but does not include a **retail store, automotive body repair shop, automotive sales establishment** nor an **automotive washing establishment** as defined in this By-law. The incidental sale of refreshments to the travelling public may be permitted.

- a) Any accessory building or structure excluding a **private sewage treatment system** which is not an integral part of the main building shall **not be located in a required front yard** and shall comply with all other yard requirements of the zone in which such building or structure is situated.
- b) In any R1A, R1B, R1C, R2, R3, or RT Zone, all accessory buildings and structures shall be located in a rear yard or interior side yard provided it is not closer than 1.0 m (3.3 ft) to the interior or the rear lot line or any other building or structure on the property.
- c) Notwithstanding Section 6.1.2 b), on a R1A and lot subject to the reduced lot regulations of subsection 8.5, all accessory buildings and structures shall not be located in a required front or required exterior side yard and shall not be located closer than 1.0 m (3.3 ft) to the rear or interior lot line.
- d) Where an accessory building or structure is on a corner lot, the regulations specified in Section 6.7 and Section 6.37 (f) of this By-law shall apply.
- e) Notwithstanding Section 6.1.2 (a), (b) or (c), where a property is adjacent to a provincial highway, any setback regulations of the Ministry of Transportation shall prevail.

6.1.3 HEIGHT

- a) In any residential zone and in the C1- Central Commercial Zone, the height of an accessory use, building or structure shall not exceed 4.57 m (15 ft).

- b) On a lot subject to the reduced lot regulations of subsection 8.5, the maximum height of an accessory use, building or structure shall not exceed 6.7 m (22 ft). The above provisions shall not apply to agricultural buildings such as but not limited to silos, grain bins and corncribs as permitted in Section 8.1 and further defined in Section 6.4.

6.1.4 LOT COVERAGE

- a) The combined total lot coverage of all accessory buildings and structures on a lot shall not exceed 10% of the lot area, and this percentage of lot coverage for accessory buildings and structures shall be included in and contribute to the maximum lot coverage permitted in the individual zone regulations.
- b) Provided the maximum lot coverage is not exceeded for an accessory building or structure, the combined maximum floor area for all accessory buildings or structures not including a hobby barn or home industry in any residential zone and including a lot subject to the reduced lot regulations of Section 8.5 shall not exceed 185.8 m² (2,000.0 ft²) total floor area for any lot 0.4 hectares (1.0 acres) or less in size. For each additional full 0.4 hectares (1.0 acres) of lot area, an additional 41.8 m² (450 ft²) of ground floor area may be added to the accessory building, to a maximum ground floor area of 464.5 m² (5,000 ft²).
- c) The area of an outdoor swimming pool, open unenclosed porches, uncovered decks, balconies and steps shall not be calculated in determining lot coverage.

6.1.5 ESTABLISHMENT OF AN ACCESSORY BUILDING OR USE

- a) No accessory building or accessory use shall be established on any lot or site until the main building has commenced construction except as permitted by the “Temporary Use” regulations set out in Section 6.32 of this By-law, and as set out below.
- b) Notwithstanding Section 6.1.5 a), a tool shed, scaffold or other building or structure incidental to construction on the lot where the construction is permitted, may be established but only for so long as it is necessary for the work in progress and until the work is completed or abandoned. For the purposes of this section, “Abandoned” shall mean the failure to proceed with construction within the time period required by the building permit.
- c) A tarped/coverall structure, when used as an accessory structure, shall be required to comply to Section 6.1 Accessory Uses.

6.1.6 OPEN SWIMMING POOLS

Notwithstanding anything contained in this By-law to the contrary, a swimming pool is a permitted accessory use within any residential and agricultural zone, except within a Natural Environment Zone, subject to the following regulations:

- a) May be located in any interior side yard
- b) May be located in the rear yard, but not closer to any lot line than the minimum distance required for an accessory building located on such lot;
- c) Facilities for changing clothes, pumping, filtering or similar accessory use shall be in accordance with the regulations applicable to accessory buildings on such lot.

Explanatory Note: The Township of Mapleton has a separate by-law relating to swimming pools. You are encouraged to contact the Municipality to review this regulation.

6.1.7 AIR CONDITIONERS, HEAT PUMPS, POOL PUMPS, FILTERS AND HEATERS

Air conditioners, heat pumps, filters and heaters are permitted in conjunction with a permitted use provided:

- a) They are not located in the front yard.
- b) They are located a minimum of 1 m from the interior side lot line and no closer than the required exterior side yard for the main building, and;
- c) They are located no closer to a Residential Zone boundary than the minimum setback required for main buildings in Non-Residential Zones from Residential Zone boundaries.

6.2 BED AND BREAKFAST ESTABLISHMENT (B&B) AND SHORT TERM RENTAL REGULATIONS

Within those zones where bed & breakfast establishments are permitted, such uses shall be in accordance with the provisions for such zones and shall also comply with the following regulations:

- a) No more than 2 guests' rooms shall be provided within Class 1 B&B and no more than 5 guest rooms shall be provided in a Class 2 B& B.
- b) Any exterior stairways required for a B&B shall be located in a side or rear yard; and;
- c) All new B&B establishments shall comply with the requirements of this Zoning By-law, including the regulations of Section 6.29 – **Additional Dwelling Unit**, other local

by-laws, and any applicable provincial regulations such as the Ontario Building Code and Fire Code, as amended.

6.2.1 SHORT TERM RENTAL REGULATIONS

- a) A short term rental shall only be permitted within a residential dwelling.
- b) The short term accommodation shall have a maximum of three bedrooms for booking.
- c) The short term rental must be within the principal residence of the short term rental operator.
- d) Parking for the short term rental shall be provided in accordance with Section 6.27 of this By-law and may be provided in tandem with the required parking for the primary dwelling.

6.3 BUFFER AREA

Where a lot is within a Commercial, Industrial or Residential Transition (RT) zone and the interior side and/or rear lot line, or portion thereof abuts any Residential, Institutional or Open Space Zone or where a lot is within the R3-Residential Zone and the interior side and/or rear lot line or portion thereof abuts any residential zone except another R3 zone, then a buffer area shall be provided on the R3-Residential, Commercial, or Industrial lot, in accordance with the following provisions.

- a) Have a minimum width throughout of not less than 1.5 m (5.0 ft) and shall be in addition to any other yard requirement.
- b) Consist of a **planting strip** maintained at an ultimate height of not less than 1.8m (5.9 ft) immediately adjacent to the lot line or portion thereof along which the Buffer Area is required other than along a street line.
- c) Be kept free of parking spaces, buildings or structures except for a legal boundary partition and used only for the placement of trees, shrubs, similar vegetation, fencing and landscaping features.
- d) Be landscaped and maintained by the owner of land on which such buffer area is required.
- e) Notwithstanding the above and subject to site plan approval, a solid fence, wall, or other landscaping feature of equivalent height may be considered in place of a continuous planting strip. When considering such an alternative buffer, regard shall be given to the location, height, materials, finishing and porosity of the wall or fence, as well as the site's characteristics.

6.4 BUILDING HEIGHT EXCEPTIONS

The maximum height regulations of this By-law shall not apply to prevent the construction and/or use of an ornamental dome, church spire, a belfry, cupola, steeple, a flag pole, a clock tower, a chimney, storage silos, livestock facility including a hobby barn, grain elevator, a water storage tank, an air conditioner duct, an elevator penthouse, a solar collector, or an electric or communication tower, antenna, ventilator, windmill, wind turbine or similar device.

6.5 COMMERCIAL KENNELS AND PET BOARDING ESTABLISHMENTS

As per Section 6.35.2 of this By-law, a kennel is a restricted use in all zones within the Township of Mapleton. Kennels are prohibited uses unless specifically permitted by an amendment to this By-law. Where specifically permitted by an amendment to this By-law, no land, building or structure shall be used for a kennel, unless the land, building and structure is in compliance with the approved Keeping of Dogs and Dog Kennels By-law.

6.6 COMMON AMENITY AREA

Where this By-law requires the establishment of a common **amenity area**, such an area shall be provided within the boundaries of the development and in accordance with the following provisions:

- a) An **amenity area** is an area comprised of common space designed for active or passive recreational use and may include patios, swimming pools, play areas and open landscaped areas;
- b) The minimum amenity area required shall be an aggregated amount not less than 9.3 m² (100.1 ft²) per dwelling unit for each unit up to 10. For each additional unit, not less than 4.6 m² (49.5 ft²) of **amenity area** shall also be provided;
- c) **Amenity areas** shall be designed and located so that the length does not exceed four (4) times the width;
- d) **Amenity areas** shall have direct access to/from the residential use; and
- e) **Amenity areas** may be located within any yard other than a required front yard.

6.7 DAY LIGHTING (SIGHT) TRIANGLE

- a) On a corner lot, the triangular space formed by the street lines and a line drawn from a point on one street line to a point on the other street line, which is determined by a point measuring 7.5 m (24.6 ft.) along the street line from the point of intersection of the said street lines.

- b) Where the two street lines do not intersect at a point, the point of intersection of the street lines shall be deemed to be the intersection of the projection of the street lines or the tangents to the street lines.
- c) The provisions of this section shall also apply to land which abuts one or more unopened streets or lanes.
- d) Within any sight-line triangle, the following uses shall be prohibited:
 - i) A building or structure;
 - ii) A fence, wall, hedge, bush or any other obstruction that impedes vision above a height of 0.8m (2.6ft) above the centerline grade of the street or streets abutting a sight triangle.
 - iii) Any portion of a loading or parking space.
- e) The provisions of this Section shall not apply to land zoned Central C1 Commercial.

6.8 DEVELOPMENT ON FULL SERVICES

- a) No development of any kind within the urban areas of Drayton and Moorefield, shall be permitted within any zone, except as outlined in 6.8 b), unless serviced by municipal sewage collection facilities and municipal water supply, except that this provision shall not apply to any public use or utility which by its nature does not require such services.
- b) Notwithstanding the above, existing lots zoned Unserviced Residential Zone (R1A) and Future Development (FD), within the urban areas of Drayton and Moorefield, may be serviced by **private sewage treatment facility** and private water supply subject to the approval of the municipality.
- c) No new private wells shall be installed, to serve as a primary or an accessory water source, on any lands where a municipal water distribution system is available within a road allowance, or otherwise, abutting the property.

6.9 EXTERNAL LIGHTING

Lighting fixtures providing exterior illumination shall be so arranged as to direct light to the building face, parking area or vicinity of site. Such fixtures shall not cast glare onto adjacent properties nor onto nearby streets.

6.10 FRONTAGE ON A STREET

Except as specifically provided for in this by-law, no person shall construct a building or structure in any Zone unless the lot upon which the building or structure is constructed or

proposed to be constructed, abuts or fronts on an opened, improved street maintained by the Township of Mapleton, County of Wellington or Province of Ontario, or unless said lot abuts a “reserve” which on the opposite side is a street and that said lot has legal access to the street.

A “reserve” is typically a 0.3 metre (1.0 ft.) wide parcel of land held by the Township of Mapleton, County of Wellington or the Province of Ontario as a means of restricting access to a public highway or street. Where such a reserve is required, it shall not be deemed to eliminate the street line or front lot line of said lot and therefore the calculation of lot frontage.

6.11 GARBAGE STORAGE AREAS

Where this By-law requires a **garbage storage area**, such an area shall be provided in accordance with the following provisions:

- a) No garbage or refuse shall be stored on any lot in any zone except within
 - i) The main building; or
 - ii) Any accessory building or structure on such lot; or
 - iii) In a container in the side yard or rear yard of such lot.
- b) All garbage or refuse storage areas, including any garbage loading or unloading areas, which are visible from an adjoining site in a residential, commercial, institutional or open space zone, or from a public street, shall have a visual screen consisting of a fence that is a minimum of 2.0 m (6.6 ft) in height;
- c) All dumpsters or garbage containers shall be regulated in the same manner as an accessory building or structure in the zone in which it is located.

6.12 GARDEN SUITES

A garden suite may be permitted within the Agricultural Zone and R1A Zone where single detached residential dwelling units are permitted and pursuant to Section 39 of the Planning Act (Temporary Use Regulation). Upon successfully receiving a temporary use rezoning from the municipality, the establishment of a garden suite shall be subject to the following regulations:

- a) Only one garden suite may be established per lot on which a single-detached residential dwelling unit exists. Where a lot already contains a singled detached residential dwelling unit and an **additional dwelling unit** as defined in the By-law, a garden suite shall not be permitted;
- b) Garden suites in a Residential Zone shall be located in either a side yard or rear yard, and located behind or even with the front wall of the single-detached residential dwelling unit. A minimum interior side and rear yard of 1.5m (5.0 ft), and a minimum exterior side yard of 7.6 m (24.9 ft) is required;

- c) Garden suites in an Agricultural (A) Zone shall follow the regulations and provisions that apply to the establishment of Second Residential Dwelling as specified in Section 8.4.3 of this By-law;
- d) **Driveway** access to both the main residence and the garden suite shall be limited to one so that no new entrance from the street shall be created;
- e) The maximum floor area of a garden suite shall be 92.9 m² (1000.0 ft²);
- f) The maximum height of a garden suite shall be one storey or 4.5m (14.8 ft) whichever is less;
- g) No garden suite shall be located closer than 3.0m (9.8 ft) to the main residence on the lot;
- h) All garden suites shall be constructed upon suitable foundation, caissons or piers;
- i) Notwithstanding the above, garden suites may be serviced with a private sewage treatment system and well in the Agricultural Zone and R1A Zone subject to the minimum lot area requirements of the specific zone and the approval of the municipality for the proposed servicing;
- j) All garden suites shall be of a portable, pre-fabricated or modular nature and shall not include a mobile home;
- k) In addition to Section 6.12 j), mobile homes may be used as garden suites in the Agricultural Zone (A) subject to the requirements of Sections 8.2 and 8.5 of this By-law as applicable;

Pursuant to Section 39 of the Planning Act, Council may require a development agreement with the owner of the Garden Suite to deal with, among other things, the installation, maintenance and removal of the unit, the period of occupancy, the deposit of a performance bond or security, and rehabilitation of the site to its pre- garden suite condition.

6.13 GROUP HOMES

6.13.1 Permitted Group Homes

Group homes, as defined by this By-law and as specifically mentioned below, are permitted in some zones without rezoning:

- Approved Homes (psychiatric care)

- i) There shall be no external display of goods, materials, wares or merchandise visible from the street.
- j) There shall be no retail sale of any goods or items other than those constructed, assembled, produced, created and finished in conjunction with the home occupation.

6.16 LOADING REGULATIONS

Where required by this By-law, the owner or occupant of any lot, building or structure used or constructed for any purpose involving the receiving, shipping, loading and unloading of goods, wares, merchandise or raw materials, shall provide and maintain on the same lot as

occupied, not on a street or lane, and within the zone in which such use is located, space for the standing, loading or unloading of vehicles in accordance with Table 1 below:

- a) A loading space shall be 15.2 m (49.9 ft) long, 3.6 m (11.8 ft) wide and have a minimum vertical clearance of 4.3 m (14.1ft).
- b) All loading spaces shall be so arranged as to avoid interference with the movement of traffic on public streets. No loading spaces shall occupy any required front or required exterior side yard, any required daylighting (sight) triangle, nor be situated upon any street, lane or required parking space.
- c) All loading spaces and **driveways** providing access thereto, shall be constructed of a stable surface and treated to prevent erosion and the escape of dust and loose particles. Surface cover may consist of asphalt, approved granular material, paving brick, concrete or similar hard-surfaced materials.
- d) All loading spaces and **driveways**, shall be graded and drained so as to prevent the pooling of surface water on them or the flow of surface water onto adjacent lots.
- e) Each loading space shall be provided with one or more unobstructed **driveways** of not less than 3.5 m (11.5 ft) in width. Such driveway shall be contained within the lot on which the spaces are located and are accessible from a street or lane. No part of such driveway shall be used for the parking or temporary storage of commercial or motor vehicles.
- f) Off-street loading space(s) shall be provided and maintained in accordance with the following schedule:
- g) Notwithstanding the loading space regulations herein, any use, building or structure that was lawfully established prior to the passing of this By-law, shall not be subject to the above provisions so long as the floor area as existing at such date is not increased. Any subsequent alteration to the building or structure, which increases the floor area, shall necessitate the number of loading spaces that is required for such addition or change in use, only.
- h) Unless otherwise provided in this By-law, the Loading Regulations of this Section do not apply to land within the Central Commercial (C1) ZONE.

Table #1 – LOADING SPACE REGULATIONS

INDUSTRIAL ZONES	MINIMUM SPACES REQUIRED
0 to 464.5 m ² (5,000 ft ²)	0 space

6.17 MINIMUM DISTANCE SEPARATION – MDS I AND II

6.17.1 MDS I – NEW NON-FARM USES

Notwithstanding any other yard or setback provisions of this By-law to the contrary, no residential, institutional, commercial, industrial or recreational use, located on a separate lot and permitted within the A Zone or any other zone in which agricultural uses are permitted, shall be erected or altered unless it complies with the Minimum Distance Separation (MDS I), as amended from time to time by the Province of Ontario. The above provision shall be applied to all vacant lots, existing as of the date of passing of this By-law, as follows:

- a) Shall apply to all those vacant lots created through the checkerboard process and identified on Schedule 'A' of this by-law as being zoned Agricultural Exceptions (A-31.274 and A-31.275).
- b) Shall not apply to vacant lots created through the consent (i.e. severance) process, which are less than 4 hectares (9.9 acres) in area.
- c) Shall not apply to any other vacant lots of record, not already addressed by subsections (a) or (b) above, which are less than 4 hectares (9.9 acres) in area.

6.17.2 MDS II – NEW OR EXPANDING LIVESTOCK FACILITIES AND MANURE STORAGE FACILITIES

Notwithstanding any other yard or setback provisions of this By-law to the contrary, no livestock facility or manure storage facility shall be erected or expanded unless it complies with the Minimum Distance Separation (MDS II), as amended from time to time by the Province of Ontario.

6.18 MOBILE HOMES

The use of a mobile home for the purposes of residential, business, industrial or institutional, either temporarily or permanently, is prohibited within the municipality unless “mobile home” is listed as a permitted use within a particular zone of this By-law. The following regulations will then apply to the construction of a mobile home.

- a) The construction of all mobile homes shall meet the requirements of the Canadian Standard Association CSA Z-240;
- b) Shall be connected to an adequate sewage treatment system and to an adequate potable water supply; and
- c) Meet all other regulations of the zone within which the mobile home is permitted.

6.19 MORE THAN ONE USE PERMITTED

Where a lot is divided into two or more zones, buildings and structures may be constructed and used thereon provided the separate zone requirements are satisfied for each use. Where the lot is partially within the Agricultural Zone and partially within the Natural Environment Zone that portion of the lot within the Natural Environment Zone may be used in calculating the total lot area, lot frontage and yard setbacks provided the land outside of the Natural Environment Zone meets the requirements for a private sewage treatment system.

6.20 NATURAL ENVIRONMENT, WATERCOURSE AND MUNICIPAL DRAIN SETBACKS

6.20.1 Natural Environment Zone Setbacks

- a) No building or structure, including a private sewage treatment system and any associated tile weeping bed, shall be constructed closer than 30.0 m (98.4 ft) from the limit of a Natural Environment NE zone.
- b) Notwithstanding the required setbacks in subsection (a) above:
 - i) Accessory buildings/structures to existing residential dwellings, enlargements of existing buildings/structures and reconstruction of existing buildings/structures including environmental improvements to manure storage facilities associated with an existing livestock facility but not a hobby barn are permitted provided that a setback of 3.0 m (9.8 ft) from the NE zone boundary is maintained.
 - ii) Where a vacant building lot was existing on the date of passage of this By-law, a building permit may be issued for permitted buildings

or structures except for new agricultural buildings and structures provided:

- That there is no other suitable location on the lot outside of the 30.0 m (98.4 ft) setback and
 - That a setback of at least 3.0m (9.8 ft) from the NE zone boundary is maintained.
- c) Interpretation of the limits of the NE zone boundaries is governed by regulations contained in Section 2.6 of this By-law. The location of the 30.0m (98.4 ft) NE “setback” boundaries shall be adjusted accordingly in the event that the NE “zone” boundary is re-interpreted.

6.20.2 Municipal Drain Setback

- a) No building or structure shall be constructed closer than 30.0 m (98.4 ft) from the edge of an opened municipal drain or 15.0 m (49.2 ft) from the edge of an enclosed municipal drain.
- b) Notwithstanding this section, in the case of a vacant building lot existing on the date of passage of this By-law, no building or structure shall be constructed closer than 15.0 m (49.2 ft) from the edge of an opened municipal drain.
- c) Notwithstanding this section, improvements to manure storage facilities, associated with an existing livestock facility (excluding a hobby barn), that result in a net water quality improvement in the drain are permitted, provided that a setback of 3.0 m (9.8 ft.) from the drain is maintained.

6.20.3 Watercourse Setback

- a) No building or structure shall be constructed closer than 15m (49.2 ft) to the top of the bank of any watercourse that is not situated within the Natural Environment Zone.

EXPLANATORY NOTE (Not Part of this By-law): A separate permit for development may be required by the Conservation Authority in regulated areas near watercourses and wetlands.

6.21 NON-CONFORMING USES

- a) This by-law shall not apply to prevent the use of any land, building or structure for any purpose prohibited by this By-law if such land, building or structure was lawfully used for such purpose on the day of the passing of this By-law, so long as it continues to be used for that purpose.

- b) This by-law shall not apply to prevent the construction or use of any building or structure for a purpose prohibited by this By-law, the plans for which have prior to the date of the passing of this By-law been approved by the Chief Building Official, so long as a the building or structure when erected is used and continues to be used for the purpose for which it was constructed and provided that such construction is commenced within six months after the date of passing of the By-law, and such building or structure is completed within a reasonable time after the construction is commenced.
- c) Nothing in this By-law shall prevent the strengthening or restoration of a non-conforming building or structure to a safe condition so long as the strengthening or restoration does not alter the height, area, size or volume of the building or structure or change its use to other than a conforming one.
- d) Nothing in this By-law shall prevent a non-conforming building or structure, which is partially or fully destroyed by fire, flood or Act of God from being restored or reconstructed provided yard depths, height, area, size or volume of the building or structure as it existed at the time prior to the destruction are maintained or compliance with the regulations of the Zone in which the building or structure is located is not further reduced.
- e) Where, for any reason, a non-conforming use has ceased and is not resumed within a twelve (12) month period from the date of ceasing, such non-conforming use shall not be permitted to resume and any future use of land, building or structure shall thereafter conform to the permitted uses of the zone relating to the subject land.

6.22 NON-COMPLYING USES

- a) Where a use, building or structure has been lawfully established prior to the passing of this By-law, and the use, building or structure is permitted in the Zone in which such use, building or structure is located, but the use, building or structure does not comply with some or all of the specific zone regulations of that Zone such as lot area and frontage and yard setbacks, or any other applicable regulations of this By-law, then nothing in this By-law shall prevent such a non-complying use, building or structure from being enlarged, extended (either vertically or horizontally), reconstructed, repaired or renovated provided that the enlargement, extension, reconstruction, repair or renovation does not further reduce the compliance of the use, building or structure with any provision of this By-law. Notwithstanding the above, new additions must be in compliance with the regulations of the Zone in which the building or structure is located.
- b) Where an existing building or structure is non-complying under the provisions of Section 6.22 a), and where the lot containing such building or structure is the subject of a rezoning or consent application, the provisions of Section 6.22 a) shall continue to apply such that said building or structure shall be deemed to comply with any

applicable zoning provisions resulting from such rezoning or severance provided said rezoning or consent does not further reduce the non-compliance of the use, building or structure with any provision of said by-law. The provisions of this Section shall not exempt a new use from providing the required number of parking spaces or from satisfying the sight triangle requirements of Section 6.7.

- c) Notwithstanding anything in this By-law to the contrary, where an existing residential dwelling encroaches into the required front or exterior yard setback as established in this By-law, additions to the existing building may be permitted to the line of occupation, subject to all other applicable regulations of this By-law.
- d) Notwithstanding anything in this By-law to the contrary, within a residential Zone in the urban centres of Drayton or Moorefield, on any vacant lot between two lots which already contain residential dwellings, and further that the existing residential dwellings are situated between the street line and the required front yard setback as established in this By-law, a new residential dwelling may be constructed on the vacant lot and the front wall of the new residential dwelling shall have a front yard setback the same as the existing residential dwelling having the front yard setback or **building line** closest to that required by the applicable zone of this By-law.

6.23 NUTRIENT MANAGEMENT PLANS

No livestock operation or manure storage facility shall be established or enlarged until a nutrient management plan or strategy is completed where required by the Nutrient Management By-law or relevant legislation.

6.24 ONE MAIN BUILDING PER LOT

No more than one main building shall be constructed on a lot except for the following:

- a) Permitted buildings within a commercial, institutional, or industrial zone.
- b) Cluster of Townhouses or Apartment dwellings located within the R3-Residential zone.
- c) Agricultural buildings permitted in an A-Agricultural Zone.
- d) Model homes at a ratio of two model homes/hectare to a maximum of 4. A model home agreement will be required.

6.25 OUTDOOR DISPLAY AREAS

In a Highway Commercial Zone, Industrial Zone or Agricultural Commercial Zone, the outdoor display of goods, materials and equipment, which is accessory to the main use of the lot, shall be permitted in accordance with the following regulations:

- a) Shall not be located in any required yard nor within a required daylighting triangle.

- b) Not comprise more than 35% of the total lot area.
- c) Not obstruct or occupy any required parking area.
- d) Be constructed of a stable surface and treated to prevent erosion and the escape of dust and loose particles. Surface cover may consist of asphalt, approved granular material, paving brick, concrete or similar hard-surfaced material.
- e) Be graded and drained so as to prevent the pooling of surface water on them or the flow of surface water onto adjacent lots.

6.26 OUTDOOR STORAGE AREAS

In a Highway Commercial Zone, Agricultural Commercial Zone, Industrial Zone, and Rural Industrial Zone, and for a Home Industry permitted in an Agricultural Zone, the outdoor storage of goods, materials and equipment, which is accessory to the main use of the lot, shall be permitted in accordance with the following regulations:

- a) Not be located in any required yard.
- b) Not comprise more than 35% of the total lot area, except when located in an Agricultural zone will not comprise more than 35% of the 0.4 ha. which is used for the home industry.
- c) Be visually screened from view from the street and from any abutting land zoned or used for residential, institutional or open space by a buffer area or strip in accordance with the applicable regulations of Section 6.3 of this By-law.
- d) Not obstruct or occupy any required parking area.

6.27 PARKING REGULATIONS

No building or structure shall be erected, enlarged or used in any zone unless facilities are provided for off-street parking in accordance with the following regulations:

6.27.1 Size of Parking Spaces

PARKING SPACE TYPE	MINIMUM DIMENSIONS	
	WIDTH	LENGTH
Angled	2.8 m (9.0 ft.)	5.5 m (18 ft.)
Parallel	2.7 m (8.8 ft.)	6.5 m (21.3 ft.)
Private Garage – interior (excluding parking garages)	3 m (9.8 ft.)	6 m (19.6 ft.)

6.27.2 Access to Parking Spaces

Access to parking areas shall be provided from a **street** directly to a legal parking space as required under 6.27.4.

All driveways and parking aisles shall have a minimum unobstructed width of 6 m (19.6 ft.) where two-way traffic is permitted and 3 m (9.8 ft.) where one-way direction of traffic flow is permitted, which is clearly indicated by signs, pavement markings or both.

Notwithstanding the above minimum width required for any driveway accessory to a single detached, semi-detached or street townhouse dwelling shall be 2.5 metres.

6.27.3 Parking Surfaces

- a) All parking spaces and areas shall be constructed of a stable surface and treated to prevent erosion and the escape of dust and loose particles. Surface cover shall consist of asphalt, concrete, approved granular material, paving brick, or similar hard-surfaced materials.
- b) All parking spaces and areas shall be graded and drained so as to prevent the pooling of surface water on them or the flow of surface water onto adjacent lots.
- c) All parking areas shall be provided with curbing, wheel stops or other devices to prevent motor vehicles from being parked or driven within required setback areas or onto required **landscaped areas**.

6.27.4 Location of Parking Areas and Spaces

- a) All parking spaces within a residential zone shall be to the rear of the front wall of the main building, except that a driveway leading directly from the street to a required parking space may be used for the temporary parking of motor vehicles.
- b) Unless otherwise prohibited by this By-law, parking may be permitted within any required side yard or any required rear yard of a residential zone.
- c) Notwithstanding paragraph one above or unless otherwise provided for elsewhere in this by-law, no off-street parking space shall be located in any required exterior side yard or any required front yard except within a R1B, R1C or R2 Zones and the provisions of Section 10.3, 11.3 and 12.3 shall apply.
- d) All parking spaces within a commercial, industrial or institutional zone may also be located within a required front yard, and required exterior side yard, except that no parking area and/or space shall be located within 1.5 m (4.9.0 ft) of a street line, or within 4.5 m (14.8 ft) of any lot or zone containing a residential use.

6.27.5 Barrier Free Parking

Barrier Free/Accessible Parking

- a) Each space shall be hard surface.
- b) Each space shall be appropriately identified by a sign which is clearly posted and visible at all times and which contains the International Symbol of Accessibility. Such sign shall be posted in a visible location other than on the parking surface.
- c) Each space is to have a minimum 1.5 m wide access aisle, extending the full length of the parking space that allows persons with disabilities to get in and out of their vehicles adjacent to the parking space. The access aisle may be shared by two accessible spaces by locating the access aisle between the spaces. All access aisle shall be marked with high tonal contrast diagonal lines, which discourages parking in them, where the surface is asphalt, concrete or some other hard surface that can be painted.
- d) Each space shall be either Type A or Type B as described below:
 - Type A Parking Space: minimum width of 3.4 m and minimum length of 5.5 m and signage that identifies the space as “van accessible”
 - Type B Parking Space: minimum width of 2.4 m and a minimum length of 5.5 m
 - Where an even number of parking spaces for the use of persons with disabilities are required, an equal number of parking spaces that meet the requirements of Type A parking space and a Type B parking space must be provided
 - Where an odd number of parking spaces for the use of persons with disabilities are required, the number of parking spaces must be divided equally between parking spaces that meet the requirements of a Type A parking space and a Type B parking space, but the additional parking space, the odd-numbered space, may be a Type B parking space.
- e) The number of accessible spaces shall be determined in accordance with Table 2 below:

Table # 2 – TOTAL REQUIRED BARRIER FREE/ACCESSIBLE PARKING SPACES

TOTAL REQUIRED PARKING SPACES	NUMBER OF ACCESSIBLE PARKING SPACE
0-12	1 space – Must be Type A Parking Space
13-100	Four per cent of the total number of

	parking spaces.
101-200	One parking space plus an additional three per cent of parking spaces
201-1,000	Two parking spaces plus an additional two per cent of parking spaces.
Greater than 1,000	Eleven parking spaces plus an additional one per cent of parking spaces.

6.27.6 Parking for More than One Use in a Building

Where a building or structure accommodates more than one type of use, the parking space requirements for the whole building shall be the sum of the requirements of the separate parts of the building so occupied.

6.27.7 Parking Requirements for the Central Commercial (C1) Zone

The Parking Regulations of this Section do not apply to land within the CENTRAL COMMERCIAL (C1) ZONE unless such land is used for a permitted residential use, in which case off-street parking spaces shall be provided on-site in accordance with the provisions herein for the residential use.

6.27.8 Calculation of Parking Regulations

- a) Where a part of a parking space is required in accordance with this By-Law for a use listed in Table 3, such part shall be considered one parking space for the purpose of calculating the total parking requirements for the said use.
- b) In addition, where the number of parking spaces required in accordance with this By-law is based upon the capacity of a building or structure, such capacity shall be deemed to be the same as the maximum capacity for such building or structure permitted by the Ontario Building Code, the Ontario Fire Code, or where applicable, the Liquor Licensing Board of Ontario, whichever capacity is the lesser.

6.27.9 Non-Conforming Parking Facilities

The regulations prescribed in section 6.27 of this by-law shall not apply to prevent the addition, extension or enlargement of any use, building or structure for which

parking has legally not been provided in accordance with such section on the day of passing of this by-law, provided, however, that such addition, extension or enlargement does not reduce the existing number of parking spaces, and provided further that additional parking is provided for such addition, extension or enlargement in accordance with the regulations prescribed in section 6.27.

6.27.10 Tandem Parking

Notwithstanding Section 6.27.2, every four tandem parking spaces located in a cluster townhouse development in R3 zone shall be deemed to equal one visitor parking space required by this by-law, provided that there must be a minimum of 1 visitor parking space for each dwelling units and such spaces shall be identified as being reserved for the exclusive use of such visitors.

6.28 PARKING/STORAGE OF COMMERCIAL AND RECREATIONAL VEHICLES

- a) Within any Residential Zone, the owner of a dwelling unit may use a parking space for the purpose of parking one commercial motor vehicle provided such motor vehicle does not exceed 9.14 metres (30 feet) in length or 3.65 metres (12 feet) in height.
- b) Within any Residential Zone, the parking or storing of a **tractor trailer/transport truck** is prohibited.
- c) Within the Agricultural Zone, a maximum of two school buses, which are operable and licensed may be parked or stored on any lot.
- d) No person shall, within any Residential Zone, use any lot for the parking or storage of a motor home, boat, travel trailer, tent trailer, snowmobile, all-terrain vehicle, unmounted truck camper, or accessory trailer except in accordance with the following:
 - i) The owner or occupant of any lot or building shall not store or park more than three of the vehicles listed above;
 - ii) The storing or parking of vehicles listed above shall only be permitted in a carport or driveway but not in a required front yard or exterior side yard;
 - iii) Notwithstanding the provisions of 6.28 d) i), the limitations imposed therein shall not restrict the number of vehicles that are fully enclosed within a garage or accessory building provided that such vehicles are owned by the occupant of such lot.

6.29 RESIDENTIAL ADDITIONAL DWELLING UNITS (ARU)

6.29.1 Additional Dwelling Unit (Attached)

Notwithstanding any other provision of this by-law to the contrary, in any zone where a single detached, semi-detached, or street townhouse dwelling is a permitted use, an Additional Dwelling Unit (Attached) shall be permitted as defined herein, subject to the following:

- a) One Additional Dwelling Unit may be located in the same building as a single detached, semi-detached or street townhouse;
- b) Each dwelling unit shall have a separate private entrance;
- c) An Additional Dwelling Unit (Attached) shall have one parking space that is provided and maintained for the sole use of the occupant of the Additional Dwelling Unit. A parking space that is provided and maintained for the sole use of the occupant of an Additional Dwelling Unit may be a tandem parking space;
- d) Driveway access to both the main dwelling and the Additional Dwelling Unit (Attached) shall be limited to one access so that no new entrance from the street shall be created;
- e) Shall be permitted subject to the satisfaction of the Township of Mapleton, that the water and sewer service is capable of accommodating the Additional Dwelling Unit or demonstrate that there is adequate services available for the additional unit(s);
- f) An Additional Dwelling Unit is not permitted in a second farm dwelling as provided for in section 8.4;

6.29.2 Additional Dwelling Unit (Detached)

Notwithstanding any other provision of this by-law to the contrary, in any zone where a single detached, semi-detached or street townhouse dwelling is a permitted use, an Additional Dwelling Unit (Detached) shall be permitted as defined herein, subject to the following:

- a) One Additional Dwelling Unit (Detached) may be located on the same lot as a single detached dwelling, semi-detached dwelling unit, or street townhouse dwelling.
- b) An Additional Dwelling Unit (Detached) shall not be severed from the lot containing the single detached dwelling, semi-detached dwelling, or street townhouse dwelling.
- c) An Additional Dwelling Unit (Detached) is required to meet the accessory structure provisions of section 6.1.
- d) An Additional Dwelling Unit (Detached) shall have one parking space that is provided and maintained for the sole use of the occupant of the Additional Dwelling Unit (Detached). In accordance with section 6.27, of this by-law.
- e) Driveway access to both the main dwelling and the Additional Dwelling Unit (Detached) shall be limited to one access so that no new entrance from the street shall be created.
- f) Shall be permitted subject to the satisfaction of the Township of Mapleton, that the water and sewer service is capable of accommodating the Additional

Dwelling Unit or demonstrate that there is adequate services available for the additional unit(s).

- g) An Additional Dwelling Unit (Detached) shall be located within 100.0m of the primary dwelling unit or within the existing farm cluster on the lot.
- h) The additional residential unit shall have no negative impacts on surrounding farming operations. An additional residential unit that would hinder a surrounding farm operation from building new farm buildings due to greater restrictions on MDS than what currently exists on the lands would be considered a negative impact.

6.30 SEWAGE TREATMENT PLANT SETBACKS

No new residential dwellings shall be constructed within 100.0 m (328.0 ft) of any sewage treatment facility.

6.31 STREET SETBACK STANDARDS

6.31.1 Where the regulations of a Zone include a requirement that the minimum yard of a lot or parcel of land shall be a specific number of metres “plus any applicable distance as specified in Section 6.31”, such applicable distance shall be either:

- a) 18.0 m (59.0 ft) for Provincial Highways, or
- b) 15.0 m (49.2 ft) for Wellington Roads, or
- c) 10.0 m (32.8 ft) for all Township of Mapleton Roads

6.31.2 The applicable distance shall be measured at right angles to the centerline of the street abutting such yard and commencing from the centerline in the direction of the applicable yard or such lot or parcel of land.

EXPLANATORY NOTE (Not Part of this By-law): Any development adjacent to a Provincial Highway will be carried out in accordance with the setback and frontage requirements along with access and building permit controls of the Ministry of Transportation. Any proposed access to a Provincial Highway will be subject to the prior approval of the Ministry of Transportation. Permits from the Ministry must be obtained prior to any construction and/or grading being undertaken on the site.

6.32 TEMPORARY USES, BUILDINGS AND STRUCTURES

Nothing in this By-law shall prevent the use of any land, or the construction or use of any building, mobile home, or structure for a construction camp, work camp, temporary accommodation, tool shed, scaffold or other building or structure incidental to and necessary for construction work on the lot, but only for as long as such use, building or structure is necessary for such construction work which has not been finished or abandoned or for a period of one year, whichever is lesser. The temporary use shall be subject to the retention of a valid Building Permit.

- a) A temporary commercial use, building or structure within a commercial zone which is established for the duration of less than six (6) months may be permitted with the permission of Council. An agreement or license and a site plan with the municipality may be required for the establishment of such temporary use, building or structure.
- b) Notwithstanding Section 6.27 of this by-law temporary structures may be installed on required parking facilities for the purpose of retailing seasonal products in a Commercial zone; provided that:
 - i) Such structures are not installed for a period greater than four months in a calendar year;
 - ii) Such structures shall not occupy more than 10 percent of the total required parking.”
- c) A temporary building or trailer for conducting sales of new dwelling units is permitted in any Zone provided the sales building or trailer is located within a development site. The sales building or trailer shall be setback 30 metres from the lot line of any existing residential use abutting the development site, and parking areas associated with the sales building or trailer shall be setback 6 metres from any existing residential use abutting the development site. Note: a sales trailer agreement will be required.

6.32.1 STORAGE TRAILERS, SEACANS AND SHIPPING CONTAINERS

Notwithstanding any other provisions of this By-law to the contrary, no person shall place any storage trailer, seacan or shipping container in any zone except in accordance with the following provisions:

- a) For the use of storage, as accessory only, for a permitted commercial or industrial use on lands zoned accordingly, or on agricultural zoned lands greater than 10 hectares.
- b) Unless stated elsewhere in this By-law, no more than a cumulative total of three (3) storage trailers, seacans or shipping containers, shall be permitted on any property;
- c) Shall not be permitted to locate in any minimum required yard setbacks;
- d) Shall not be located in any required parking areas and in no case shall encroach into any required minimum landscaped buffer or open space;
- e) Notwithstanding any other provision of this section to the contrary, a storage trailer seacan or shipping container on a construction site in any Zone being developed on a standalone basis or under a plan of subdivision is permitted

only for the purposes of storing equipment and materials incidental to construction, subject to the following restrictions:

- i) Shall be subject to subsection c);
 - ii) Not exceed six in number; and
 - iii) Shall be removed from the site within 60 days of completing the work
- f) Shall not be placed in any zone for the purpose of display or advertising;
- g) Shall not be used for the purposes of screening or fencing;
- h) Must be in a condition free from rust, peeling paint and any other form of visible deterioration;
- i) Shall be included in all calculations for the purpose of determining maximum lot coverage; and
- j) Notwithstanding any other provision to the contrary a storage trailer, seacan or shipping container shall not be used for the purpose of a commercial storage facility or mini storage establishment, unless the property is specifically zoned to permit that use.

6.33 UNDERSIZED LOTS AND FRONTAGE

- a) Where a lot having a lesser lot area or frontage or both than required under this By-law is held in distinct and separate ownership from abutting lots as shown by the registered conveyance in the Registry or Lands Title Office at the date of the passing of this By-law, or where such lot is created by expropriation, such lot may be used and a building or structure may be constructed, altered or used on such undersized lot provided that all other requirements of this By-law are met.
- b) If, as a result of the legal widening of a street, a lot area is reduced so as to have the effect of creating an undersized lot, or a required front or exterior yard setback is reduced, said lot and any buildings or structures existing at the time of the legal widening shall be deemed to comply with the affected regulations of said zone.

6.34 USES PERMITTED IN ALL ZONES

- a) The use of land for a street or a public railway, including any installations, structures, appurtenant thereto.
- b) The use of any land for a public park, public playground, public walkway or as a site for a public memorial or ornamental structure including, but not so as to limit the generality of the foregoing, a statue, a monument, a cenotaph or a fountain.

- c) Nothing contained in this By-Law shall prevent the Corporation, any telephone or telegraph company, any cable T.V. company, any natural gas company, any transportation system owned or operated by or for the Corporation, any Department of the Federal or County Government, or Ministry of the Provincial Government, a local hydro-electric service provider, any railway company and any local or County Board or Commission from installing or maintaining of the following utilities and services:
- Water main, well, water tower, including any associated water treatment facility
 - Sanitary sewer main, pumping station
 - Gas main and pipeline
 - Storm water management facility, storm sewer main
 - Lighting fixture, overhead or underground electrical services
 - Cable television, internet, telegraph and telephone lines (including those of coaxial cable, twisted pair copper and fibre optics) and services (including associated tower, transformer and telecommunications shelter)
 - Communication or cellular telephone towers and antennas

Together with any installations or structures appurtenant thereto. Where a building is required for the above utilities and services, that building shall be subject to Section 6.34 (d) below.

- d) Where such a public building or structure is located above ground in a Residential Zone:
- i) No goods, materials or equipment shall be stored in the open. However, an emergency generator required to provide continued services during power outages is permitted, provided it is properly sound-proofed and in compliance with items (ii) and (iii) below.
 - ii) The lot coverage and yard regulations prescribed for the zone in which the use is situated shall be complied with.
 - iii) Any building erected under the authority of this section shall not be used for the purpose of an office, and shall be designed and maintained in general harmony with residential buildings of the type permitted in such zone."

6.35 USES RESTRICTED IN ALL ZONES

6.35.1 Noxious Uses Prohibited

Notwithstanding any other provision of this By-law to the contrary, no use shall be permitted anywhere within the municipality which, from its nature, materials used therein or emissions issuing therefrom, is declared to be a noxious trade, business or manufacture under The Health Protection and Promotion Act, as amended.

6.35.2 Restricted Uses

The following uses are prohibited throughout the Township, either alone or in conjunction with other uses, unless such use is specifically permitted in a zone or by an amendment to this By-law:

- An abattoir, stockyard, livestock exchange, or dead stock depot;
- A track or course for the racing and/or testing of automobiles, motorcycles, dirt bikes, snowmobiles or any other motorized vehicles;
- No person shall, in any residential zone, keep or raise any livestock, bird, reptile, or wild animal including any tamed or domesticated wild animal. This provision shall not prevent the keeping of 3 dogs per Township of Mapleton keeping of dogs by-law, on one lot.
- A video or amusement arcade;
- An adult entertainment establishment or a body rub parlour;
- A landfill site/waste disposal site, **waste transfer station**/ waste separating station

- A salvage or wrecking and recycling facility;
- A mobile home used as a dwelling unit or for commercial use;
- A trailer or motor home used for human habitation other than for temporary accommodation in a permitted trailer park or campground;
- The establishment of pits and quarries, asphalt plants or concrete plants;
- The boiling of blood, tripe, bones or soaps for commercial purposes;
- The extracting of oil from fish;
- The tanning or storage of uncured hides or skins;
- The manufacturing of glue or fertilizers from dead animals or from human or animal waste;
- The refining, storage or use in manufacturing of coal oil, rock oil, fuel, oil, natural gas, propane, burning fluids, naphtha, benzol, benzene, gasoline, dynamite, nitroglycerine, gun powder, petroleum or any other combustible, inflammable, volatile or otherwise dangerous liquids, gasses or solid materials except where specifically permitted hereby or in conjunction with a permitted industrial use and unless such substances are protected by adequate fire fighting and fire prevention equipment and by such safety devices as are generally employed in the handling of such substances and provided that such substances are kept removed from adjacent uses to a distance which is compatible with the potential danger involved, except that this provision shall not apply to prevent the above ground storage of such substances by a farmer, where such storage is incidental and accessory to an agricultural use, or the use of natural gas, propane or fuel oil for domestic purposes, such as heating and cooking, in conjunction with a residential use;

- Any use unable to obtain the approval from the Medical Officer of Health or Ministry of the Environment and Energy, owing either to the quantity of water required thereof or to the quality of effluent produced thereby;
- Any use which causes the emission of corrosive gasses, toxic gasses or radioactive gasses or, electromagnetic fields, heat, glare, nonagricultural odors, noise, vibrations, dust, dirt, or smoke which does not comply with emission regulations as may be established by the Province of Ontario, the Government of Canada, or any agencies thereof;
- Dog kennel (see section 6.5)

6.35.3 Unlicensed or Inoperable Vehicles

Unless specifically provided for by this By-law, no person shall provide outside storage for any motor vehicle, which is unlicensed and inoperable.

6.36 WELLHEAD PROTECTION

Within the Wellhead Protection Area Overlay shown on Schedule 'A', any use that is, or would be, a *significant drinking water threat* is required to conform with all applicable Grand River Source Protection Plan policies and, as such, may be prohibited, restricted, or otherwise regulated by that Source Protection Plan.

Explanatory Notes:

1. An application for development, redevelopment, or site alteration within a Wellhead Protection Area, where a drinking water threat could be significant, shall only be deemed complete under the *Planning Act* if submitted with a Section 59 Notice issued by the Risk Management Official, in accordance with the *Clean Water Act, 2006*, where applicable in accordance with the Grand River Source Protection Plan.
2. 7.2 EXCEPTIONS (SPECIAL PROVISIONS)

Where a zone symbol applying to certain land, as shown on the Schedule’s, is followed by a number (e.g. 31-201), then an exception has been made to the zone regulations and special provisions will apply to such land. Section 31 – EXCEPTIONS deal with these site-specific zones. Land denoted in this manner shall be subject to all restrictions of the parent zone except as otherwise provided by the special provisions.

7.3 HOLDING PROVISIONS

Notwithstanding any other provisions of this By-law, where the Holding (H) provision is in place on a property, permitted uses and buildings are limited to those legally existing as of the date of passing of this By-law until the Holding (H) provision is lifted by Council.

Council may pass a by-law removing the holding symbol from a lot once it is satisfied that the following matters have been adequately addressed:

- Municipal water including sufficient reserve capacity is or will be made available to the land
- That the lot can be adequately serviced with a private sewage treatment system
- Storm water management issues have been addressed.

Additional conditions may be applied to a holding on a site specific basis and can be found within the Exception Section of this By-law.

Under the Planning Act, Council must give notice of its intent to remove the H symbol. A public meeting is not required and the decision to remove the H symbol is not subject to appeal procedures.”

7.4 ZONE MAPS

The extent and boundaries of all of the said zones are shown on Schedule “A”, which together with all notations, references and other information shown thereon is hereby incorporated in and declared to form part of this By-law to the same extent as if fully described therein.

7.5 ZONE BOUNDARIES

Where any uncertainty exists as to the location of the boundary of any zone as shown on Schedule ‘A’ (Zone Maps), the following rules shall apply:

- a) Where zone boundaries are indicated as following approximately the centre line of streets or lanes or their productions, such centre lines or their productions shall be deemed to be the zone boundary.
- b) Where zone boundaries are indicated as approximately following lot lines, such lot lines shall be deemed to be the said zone boundary.

- e) Minor renovations/additions to existing buildings used solely for residential purposes shall be permitted provided floodproofing will be to the satisfaction of the

GRCA and in no case will the proposed floor level be lower than the existing ground floor level.

30.4 DEFINITIONS

100 year flood means the flood which has a return period of 100 years on average or which has a 1% chance of occurring or being exceeded in any given year, as determined by the Grand River Conservation Authority.

Development shall mean the construction, erection or placing of new buildings or structures on land and includes such site related activities as grading.

Floodproofing means a combination of structural changes and/or adjustments incorporated into the basic design and/or construction of individual buildings, structures or properties subject to flooding so as to reduce or eliminate flood damages.

Minimum Floodproofing elevation is 401.8 metres G.S.C. (i.e. Geodetic Survey of Canada Datum). This is the equivalent of the higher of the 100 year storm and 1.5 metres below the Regulatory Flood level.

Habitable floor space means any room or space in a dwelling unit designed for living, sleeping, or the preparation of food, and includes hotels and motels for overnight accommodation.

Major addition or renovation shall mean the alteration to an existing building or structure that increases the size of a building or structure by 50% or more of the existing ground floor area or substantially increases the value of a building.

Minor addition or renovation shall mean the alteration to an existing building or structure that increases the size of a building by less than 50% of the existing ground floor area and which does not substantially increase the value of the building.

Redevelopment shall mean the removal of buildings or structures from land and the construction or erection of new buildings or structures.

Regional Storm is a Hurricane Hazel design event.

Regulatory Flood means the flood resulting from the Hurricane Hazel storm centred event, as determined by the Grand River Conservation Authority.

Safe Access means pedestrian and vehicular access/evacuation routes direct or elevated pursuant to the Provincial Flood Plain Planning Policy Statement. In this case where the depth of the flood water during a Regulatory storm is less than or equal to 0.8 m (2.6 ft).

Safe Parking means that parking facilities shall be designed to the satisfaction of the Township and the Grand River Conservation Authority so as to minimize flood damages and to not interfere with flood flows.
